Workshop Description

This three-hour workshop is a hands-on, interactive session where participants will be provided a template in advance of the workshop that allows them to pre-populate their local CTE courses for the 2017-18 academic year, then work directly with California Department of Education (CDE) staff to identify the appropriate pathway/sub-pathway and new State Course Code for local CTE courses.

1. Before coming to the training, please complete columns A-C on the Mapping template of the linked Excel sheet.

2. It will be important that you bring a laptop with the Excel sheet loaded onto it. You only need one laptop per team.
